Eluzai Moyo

Software Engineer

Randburg, South Africa / profile.codersrank.io/user/sands-45 /
github.com/sands-45 / sandsqa@hotmail.com / 27630718750

Innovative and results-driven self-taught Software Developer with over 4 years of
experience in building and scaling web applications and platforms. Proven expertise
in a wide range of technologies including React, Next.js, Node.js, redux,
tailwindcss, mantine, GCP and database management. Adept in both front-end and back-
end development, with a intermediate foundation in DevOps practices. Founder of
Basedesk (basedesk.co.za) a helpdesk support solution, founder of Stall a modern POS
and marketplace (early stage and looking for co-founders) (stallpos.com). Very
passionate about creating user-centric solutions and driving business growth through
technological innovation.

/* WORK EXPERIENCE */

THE AFRICAI PROJECT

Sofware Developer / Jun 2023 - Aug 2023

In my role, I specialized in developing versatile web applications and React Native
mobile apps utilizing Next.js 13 as the frontend framework. For the backend, I
extensively worked with Node.js and integrated cloud services such as Firebase,
Supabase, and Google Cloud Platform (GCP) to enhance the functionality and
performance of the applications.

next.js   google cloud   nodeJS
